

Grover

Quote: "Hello every-bod-eeeeee!", Best Friend: Kermit, Birthday: October 14th
Grover is a "cute, furry, adorable monster." He is fuzzy and blue with spindly arms & legs & a little pot belly. Grover is friendly, very likable & without a trace of guile.

Grover is genuinely selfless and zealously concerned for others - though he is often unaware of the stress that his enthusiasm causes others when he comes to their aid. He is excitable, caring and compulsive—a combination that proves particularly volatile when he rushes into situations without analyzing the consequences.

Grover does not use contractions when speaking, giving him a distinctive vocal pattern. He also displays a wide array of eloquent and erudite articulation, suggesting a high level of education and sophistication for a 'monster'.

Grover is multi-talented, taking on many different roles and professions such as mailman, bicycle delivery boy, detective, marshal, plumber, baker, actor, farmer, telegram singer, salesman & most notably, a waiter.

Grover has a toy named Teddy Monster, and an exotically-finned goldfish.

Super Grover

Super Grover is Grover's furry, blue, and enormously cute alter ego. A superhero more exuberant and well meaning than actually helpful, he is known for his cape and medieval knight's helmet (which always seems to close at all the wrong moments) and his accident-prone tendencies.

More often than not, Super Grover lands right in the middle of problems, and as he makes ridiculous suggestions and offers help that is in no way helpful, the problems get solved without his contributions.

Convinced beyond any shadow of a doubt that he's the one who's saved the day (and the world in general); he contentedly flies off in search of new, exciting, heroic adventures (undoubtedly messing things up once again).

Cookie!

Quote: "Me want Cookie!", Best Friend: Ernie, Birthday: November 2nd

Covered with blue fur and possessing a pair of "googly eyes," Cookie Monster has an insatiable appetite. As his name implies, his primary craving is cookies, but he can (and often does) consume anything and everything, from apples and pie to letters, flatware, and hubcaps.

Usually when Cookie eats something, he makes loud munching noises, usually like: "AWWWWM-num-num-num-num..." This noise is referred to as the 'Cookie monster noise'.

In a song in 2004, Cookie Monster revealed that, before he ate his first cookie, his name was Sid. Cookie Monster's theme song, "C is for Cookie", is a classic.

Cookie Monster has a deep, growly voice, and generally speaks with a simplistic diction (e.g., "Me want cookie!"). He occasionally displays an unexpectedly complex vocabulary, and is at his most gentrified, when hosting Monsterpiece Theater.

Alistair Cookie

Alistair Cookie is Cookie Monster's alter ego when hosting Monsterpiece Theater. Alistair Cookie wears an English smoking jacket and ascot & introduces viewers to a spot of culture while relaxing in a well-stuffed armchair.

Though seemingly more sedate and urbane, Alistair Cookie is still a Cookie Monster & often appears smoking a pipe and then eating it at the end of each segment.
